

Catch Twenty Three Restaurant

Catch Twenty-Three Restaurant, a stylish seafood restaurant that infuses its creativity with flavorful Latin and Caribbean influences served up in a casual, upscale setting. Island music is carried by cool breezes throughout the restaurant, which has the look and the feel of a tropical resort dining room. Mouth watering aromas emanate from the pecan wood grill such as the Certified Fresh Seafood, Stock Yard Beef, or Cuban Style Baby Back Ribs. Enjoy dining inside or on the patio at both locations. The original recipes were developed by our concept Chef Will Greenwood.
